IR Lamp Stand Model

Utilize the theory of infrared ray penetration and dry, easily absorbed by your skin and nurtures your beauty.

Fit to various skin conditions, can accelerate blood circulation in the affected areas of rheumatic arthritis, shoulder inflammation, lumbar disease and muscle damage and thus offers effective treatment.

Neck Pro Unit

Neck Pro is an over-the-door cervical traction unit for home use.

It relieves pain associated with:

- Cervical disc herniation
- Cervical radiculopathy
- Fibromyalgia
- Neck strain
- Osteoarthritis
- Whiplash
- Pinched nerve in the upper spine
- Spondylosis
- Tension or tightness

Made in
USA

Besmed Digital Tens

Besmed Digital Tens sends comfortable electrical stimulations to the site of pain through rehydrable self adhesive electrodes that are applied to the surface of the skin. The electrical stimulations will travel on the same pathways as the pain signals blocking the nerve center from the incoming pain signals. This facilitates the comfortable sensation but prevents the pain sensation. The pain is simultaneously relieved by the body endorphin (pain relieving chemical).
