SLEEPING COMFORTS

CPAP PILLOW MEMORY FOAM

Effective with any sleeping position side, back and even stomach. Pillow shape allows natural nesting of shoulders, neck and head for contact-free CPAP use.

The CPAP Support Pillow (formerly CPAP Multi-Mask Sleep Aid) is a CPAP accessory designed to enhance your sleep experience. It is designed for unique needs of the user, coupling the comfort and quality of a Contour Pillow with the ergonomic design of the CPAP mask.

It provides great comfort and freedom to the patient's movements during sleep.

Use it whether you sleep on your back, stomach or side. This sleep CPAP Pillow continuously supports the neck and keeps the spine aligned.

SLEEPING COMFORTS

WEDGE SITTING CUSHION

MEMORY FOAM / PUF

FOR BACK PAIN & COCCYDYNIA

It helps relieve Back Pain, Fatigue, Discomfort
Soreness, Numbness

Wedge Shape

This slanted seat cushion helps to ease back pain and promote good posture.

Cutaway Section

This specially designed coccyx cushion takes the pressure off your coccyx (tailbone) and re-aligns your spine for a more natural posture.

Wedge straightens spine, relieves stress.

Unlike standard seats, which tend to slope backward, the wedge sitting cushion slopes forward, automatically positioning the body to maintain the natural 'S' shape of the spine. Pressure is evenly distributed along the back instead of being concentrated at the base of the spine.

- Ortho Seat Wedge Cushion for Home, Office and Vehicles.
- Comfortable and Relieves lower back Fatigue, Pain and Discomfort.
- Wedge-shape Cushion is ideal for doing floor exercises and sitting for long periods.
- A simple, effective way to reduce lower back Fatigue, Aches and Pains from Constant Driving.
- Encased in removable, washable, luxurious and imported velvet cover.
- Portable Wedge/ Orthopedic Seat Cushion with carrying strap.

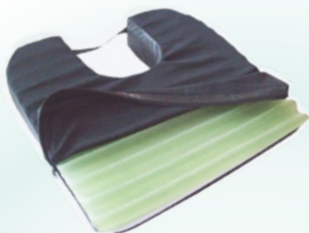

SITTING COMFORTS

GEL COCCYX SEAT CUSHION

HOLES ALL OVER

PIPE TYPE

BALL TYPE
