50 years of renewing LIFE

Renewa **CERVICAL COLLAR**

Designed with an extended hook and loop closure to ensure a proper fit. Polyurethane foam is covered with a soft beige stockinette. Medium density foam with contour design for restricted flexion.

Applications

- Neck Pain & Cervical Syndrome
- Adjunct to physical therapy/ Rehabilitation
- Option for Motion-Induced Pain Relief
- Prevents Postural Disturbance & chronic bending injury
- For Cervical Injuries Requiring Mild support and Stability

Material: Foam, Nylon, Cotton

Renewa Neoprene **WAIST BELT**

Waist Belt provides warm therapeutic values, adjustable compression and comfort. The adjustable wrap - around design provides for easy on/ off application.

Material: Neoprene, Nylon

Size: One size fits all (Universal)

Renewa 4-Way Stretching **ELASTIC KNEE SUPPORT**

4-Way Stretch Knee Support easily slips on to provide circular compression, firm support and warmth to weak or inflamed joints.

Material: Nylon, Latex, Spandex

Renewa - Neoprene **KNEE SUPPORT** (Open Patella)

Thermal Neoprene Sleeve that is contoured and darted for optimum fit. The open patella area relieves pressure from the knee cap, improves comfort and flexion. Also features nylon facings on both sides.

Heavy duty outer facing for durability. Retains warmth, promotes healing, reduces abrasions.

Caution: Do not apply over open wounds or if you have a susceptibility to dermatitis.

Applications

- Recommended support for minor sprains and strains or relief from stiff, arthritic knees.
- Soft neoprene improves blood circulation to assist healing and provides soothing warmth for joint flexibility.
- Comfortable contoured fit provides uniform and constant compression
- Long-lasting durability with stretch nylon-trimmed ends and lock stitch seams
- Open patella helps relieve pressure on kneecap

Material: Neoprene, Nylon

Available Sizes: S, M, L, XL

Renewa 4-Way Stretching **ANKLE SUPPORT**

4-way stretching ankle support easily slips on to provide circular compression, firm support and warmth to weak or inflamed ankles. Knitted with a nylon, rubber and latex outer layer, support is lined with cotton to heighten sensory awareness in the ankle for increased support.

- High quality breathable elastic
- Provides firm support and compression
- Relieves stiffness and soreness
- Contoured fit, 4-way stretching ways
- Cool and comfortable fit during athletic activities

Material: Nylon, Elastic, Spandex

Renewa - Neoprene **KNEE BRACE**

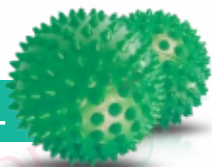

Universal Knee Wrap has a compressive neoprene support in a wrap style, which is a simple but effective front closure neoprene wrap that provides compression and adjustability all in one. Its design is for compressive support following strains, sprains or other minor indications.

- Compressive neoprene support in a wrap style
- One side short shiny terry, one side nylon
Provides firm compression, soft tissue support
- Retains warmth, helps relieve pain and promotes healing
- Open patella helps relieve pressure on the kneecap

Material: Neoprene, Nylon
